

## DTF Module – Pricing and Efficiency in Competitive Markets Workshop 2: Feedback Results

---

(Response rate: 100%)

<b>Question 1:</b>	<b>YES</b>	<b>NO</b>	<b>NEUTRAL</b>
<b>Was the theoretical session useful to you?</b>	84%	0%	16%
(Total no. of respondents 25)			

### **Additional Comments**

Yes, especially as it related the theory to the experimental results.

Good to examine the theory compared to the experiment.

Being a non-economist, this session laid the foundation.

<b>Question 2:</b>	<b>YES</b>	<b>NO</b>	<b>NEUTRAL</b>
<b>Was the experimental session useful to you?</b>	96%	0%	4%
(Total no. of respondents 25)			

### **Additional Comments**

Very good session for understanding differences between theoretical and practical application of policy/decision.

It was great to see how a price ceiling affects efficiency.

Yes, it gave a good experimental indication (proof) of the market mechanism.

<b>Question 3:</b>	<b>YES</b>	<b>NO</b>	<b>NEUTRAL</b>
<b>Was the interaction with other participants in the workshop beneficial for you?</b>	100%	0%	0%
(Total no. of respondents 25)			

### **Additional Comments**

Participants provided insights, thoughtful comments, and questions.

Helped initiate relationships with Victorian Treasury staff.

<b>Question 4:</b>	<b>YES</b>	<b>NO</b>	<b>NEUTRAL</b>
<b>Were the administrative arrangements adequate?</b>	96%	0%	4%
(Total no. of respondents 25)			

### **Additional Comments**

Good facilities and excellent accommodation.

The actual workshop arrangements were excellent but I was not provided with much information about content beforehand.

<b>Question 5:</b>	<b>YES</b>	<b>NO</b>	<b>NEUTRAL</b>
<b>In your opinion, should the workshop be run again?</b> (Total no. of respondents 25)	96%	0%	4%

### **Additional Comments**

One of the best I've ever done.

Yes, I learned a lot about economic fundamentals, market mechanism and industrial design that will be helpful for my job in government.

Good for staff lacking practical economic or commercial background.

### **Other queries/comments** (Total no. of respondents 18)

A follow-up workshop would be good, looking into the next level/layer of complexity.

Gave very useful insight as to how experimental economics can be useful and the importance of institutions.

Applied section on the allocation of aquaculture was REALLY interesting. I would like to have more applied sessions.
